Dear Dr. Enstrom:

I am pleased to inform you that the Berkeley Campus Institutional Research Grant Committee has approved your request for support for the project "Proposal to study cancer among Mormons" in the amount of \$2,745.

Please note that the award is \$255 less than the requested \$3,000 due to limitations on types of expenditures of the American Cancer Society. Items under your budget category "c. Miscellaneous expenses" which have been deleted are: reference books, reproducing journal articles, phone calls, and shipping and mailing costs, stationary, etc.

Please sign and return both copies of the enclosed patent agreement with the American Cancer Society.

May I also direct your attention to the enclosed information regarding publication resulting from this support.

Sincerely yours,

Virgil V. Finster
