In order to implement Executive Order S-13-09, which calls for three furlough days per month we intend to close the boards, departments and offices of the California Environmental Protection Agency (Cal/EPA) the first, second and third Friday of every month starting July 10, 2009 and ending June 25, 2010.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
